

# Collegium V Course Approval Form: Contract Courses

In order to have regularly scheduled classes count towards Collegium V credit, a student must enter into a contract with a faculty member agreeing to do extra work in the course (roughly 2 hours a week). The following form must be completed and submitted to the Honors Director by Census Day. Once the work is satisfactorily completed, the form must be signed by your supervisor and returned to the Honors Director prior to the last day of class. In most cases, extra enrichment work for Collegium V is not included in the class grade.
